

National Research Grant Guidelines and Application 2023-2024 Funding Cycle

Halt Cancer at X (“HC@X”) is a charitable initiative established in 2012 by Sarah Broussard in memory of her mother, Rebecca Chaney Broussard, who lost her long battle with breast cancer in 2010. HC@X is administered by Montana Equestrian Events, Inc. (“MEE”), a 501 (c)(3) organization which presents The Event at Rebecca Farm in Kalispell, Montana.

The Halt Cancer at X Grant Committee (the “Committee”) is now accepting applications for calendar year 2023 funding of research projects. They are seeking highly motivated pioneers and researchers working on new and innovative studies related to breast cancer.

The lab receiving funding must have previously published on breast cancer research, have current funding for such research, or have a co-principal investigator to satisfy one or both requirements.

Applications must be submitted by January 31, 2024. A \$50,000 grant will be awarded later in the 1st quarter. The term of the grant is one year. Recipients are required to provide a final report to the Committee detailing use of funds and progress made toward goals. Questions should be directed to Dr. Melissa Kaptanian, Committee Chairperson, by phone 406-212-9274 or email mkaptanian@gmail.com.

Submission

Applicants with a PhD and/or MD, along with strong laboratory and analytical skills, are encouraged to apply for this grant by completing the application form below, and submitting a separate document with the following information:

1. Curriculum vitae, or NCI biographical sketch, for principal and co-principal investigators
2. Brief description of past research experience and accomplishments, as well as current and future interests
3. Project prospectus (no more than five pages) including project abstract, specific aims of the study, research strategy, timeline, and other relevant information /preliminary data
4. Project budget and identification of other sources of funding, both in place or pending

To submit, please MAIL a copy of these materials to Halt Cancer at X Grant Committee, Montana Equestrian Events, Inc., PO Box 595, Whitefish, MT 59937, and also EMAIL materials to Dr. Melissa Kaptanian at mkaptanian@gmail.com.
